

Logic Optimization Language

- Optimization recipes for each code region (CodeReg, OptSeq)

• Loops, If-then-else

- Special Search Constructs:
 - OR blocks and statements;
 - Optional statements;
 - *enum, integer, permutation, poweroftwo...*

Locus Optimization Language

- Optimization recipes for each code region (CodeReg, OptSeq)
- Loops, If-then-else
- Special Search Constructs:
 - OR blocks and statements;
